LETTER FROM OUR BOARD

dear friends,

this year has been filled with major growth and change at TOGETHER!, including executive transition, a (mostly) new board, and continued flourishing in our programs.

one thing that will never change is our commitment to the health and well-being of the young people in our community. there aren't many things in this world that I'm personally more committed to than clearing paths for youth to thrive, and I'm grateful for the opportunity to serve alongside champions for the cause like the board, the staff, and YOU!

cheers to another year of supporting youth in meaningful ways!

in simplicity and truth,

dr. sarah lloyd
